Appendix E Materials that require NSF/ANSI 61 certification

This appendix is intended to be an informational resource. Materials requiring NSF/ANSI 61 certification include but are not limited to:

FILTER TYPES/MEDIA

Anthracite

Granular Activated Carbon

Sand Gravel

Greensand (Pyrolusite)

Calcite

Filter Membranes

Bags

Cartridges

Plastic filter housings

Diatomaceous earth

PROCESS EQUIPMENT (non-metallic)

Sludge collection systems Under-drain systems

Flocculation equipment

PROTECTIVE MATERIALS

Coatings, Liners (including tank and pipe

coatings/liners)

JOINING AND SEALING MATERIALS

Solvent cements

Glues Caulking

Welding materials

Gaskets

Lubricating oils

Greases

PIPES AND RELATED PRODUCTS

Plastic Pipes and Fittings

Plastic Tanks (for water storage)

POTENTIAL LEAD CONTAINING APPURTENANCES

Water meters
Tapping saddles

Corp stops

Brass, copper or bronze materials

OTHER

Plastic Settling tubes/curtains

Plastic Baffling materials Fiberglass components Carbon fiber components
